17th May 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & Country Planning (Tree Preservation) (England) Regulations 2012

Copper Beech (T1) - fell due to approved construction works having compromised the life expectancy. Replant with one *Carpinus betulus* 'Fastigiata' in the same place.

Copper Beech (T2) - fell due to approved construction works having compromised the life expectancy. Replace with 5 x *Sorbus aria* 'Majestica' in locations recommended by the Tree Officer.

Worthing Audi Roundstone By-Pass Road Angmering

Thank you for your internet representation made on 16th May 2018 which has been recorded as '**an objection**' with the comments as follows:

I understand these trees were to be given special care and to remain on the site as part of the agreed planning. I do NOT understand how the builders can damage BOTH to the extent that they need felling. They are mature trees and unique in their appearance. I am completely convinced that they have been wilfully damaged by the company to enable them to replace with trees that do not overhang thus enabling them to park more cars in the area. It is beyond comprehension how they could both have been damaged when both were marked as having to remain as part of the site. I want an independant tree surgeon to assess both trees and decide on best course of action. IF they have been damaged beyond repair, I want the owners of the site to be heavily fined and to be made to replace with the same trees, and as close in maturity as the current one and in the same places. It is quite amazing how a site can be built on , a building can go up, parking area, electrics, all mains supplies etc etc and no problems, yet two trees which were supposed to be safe were both damaged.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
