Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & Country Planning (Tree Preservation) (England) Regulations 2012

Copper Beech (T1) - fell due to approved construction works having compromised the life expectancy. Replant with one *Carpinus betulus* 'Fastigiata' in the same place.

Copper Beech (T2) - fell due to approved construction works having compromised the life expectancy. Replace with 5 x *Sorbus aria* 'Majestica' in locations recommended by the Tree Officer.

Worthing Audi Roundstone By-Pass Road Angmering

Thank you for your internet representation made on 30th May 2018 which has been recorded as **'an objection'** with the comments as follows:

I am writing to object to the possible felling of the two copper beech trees on the new Audi site on A259 in Angmering.

I have been informed that planning permission was given to Caffyns the contractors on the understanding these trees would be protected and left where they are. This has obviously been totally disregarded by said contractors once they got what they wanted.

Trees like these take many years to attain their current stature and cannot and should not be replaced by a couple of twigs as proposed by the contractors. They should actually have lasted for many more years after Audi go slinking off into the sunset. Can a reputable tree surgeon be employed to check and see if these trees can be saved (BUT NOT BY AUDI who have proved themselves to be totally untrustworthy) and if so how and at Caffyns expense. If these trees have to go then I believe Audi to be in total breach of their contract and rather than just fining them, which will be like water off a ducks back to them and probably already factored into their total spend I suspect, I think they should be ejected from site completely and lose all rights to work or develop there.
