**Subject:** RE: Consultation request

Good afternoon,

I don't know whether this needs a variation as the condition includes provision for 'or such other date or stage in development...' so as long as we agree 'another stage' in writing, I would assume the original condition still stands.

Environmental Health has no objection to the verification plan being submitted once all groundworks across the site (including areas of soft landscaping) are complete; 'prior to occupation' would encompass this.

Thanks,

Kate.

Hi Kate,

Can you please pick this one up? Hopefully a quick response.

Thanks

Neil

**Subject:** Consultation request

Neil,

Can I please request a consultation on application A/65/20/PL as a matter of urgency. The application is for ; Variation of condition 21, item 4 imposed under A/91/18/PL following approval of A/142/16/OUT relating to wording of condition to read 'prior to occupation' instead of 'prior to commencement' for verification plan.
