

The proposed S278 & S38 works have now received technical approval, but the legal agreement is not yet in place. The works should be constructed in accordance with the agreed plans.

Condition 11 – Construction Management Plan

A Construction Method Plan has been submitted, in addition to a plan of the construction area and a vehicle routing plan.

These documents set out that in a daily worst case scenario, 40 cars/vans, 2 forklift trucks, 1 dumper truck and 5 large vehicles will visit the site. All vehicles will be routed via the A259 to the south, with some arriving from the A27 via the A280. There will be no access for construction vehicles to Station Road or the northern part of Roundstone Lane beyond the site access. All vehicles will access the construction site via the adjacent David Wilson site using a temporary construction access, and the impact of the construction traffic upon Angmering village will therefore be limited.

Contractor parking will be provided in the adjacent site, presumably within the parking areas that were contained within the information submitted to discharge the conditions attached to A/82/12.

Materials will be loaded/unloaded within the materials storage areas shown on the plan, with one area within the red line boundary and another within the adjacent David Wilson development site. The hours of work on-site have been confirmed as 0800-1700 Monday to Friday, 0800-1300 Saturday and no Sunday working.

The whole site is to be secured with Herras fencing and wheel washing facilities will be shared with the adjacent site, which are situated at each entrance. This will prevent mud and dust from being transferred onto the public highway.

A 'Meet the Builder' event is to be provided prior to commencement, with an open invitation.

Condition 12 – Travel Plan

The submitted Travel Plan has been reviewed, and generally meets our requirements. However, there is no information with regards to remedial actions that would be required should the target not be met – we usually require a second and final round of £150 travel vouchers to be offered to residents.

More information is therefore required before the conditions can be discharged.
