Planning application A/69/18/DOC seeks the approval of conditions 3 (Construction Management Plan (CMP)) and 7 (Surface Water Drainage) of planning permission A/154/17/PL. Condition 3 in relation to the CMP is the only condition for the Highway Authority to respond to.

Given the location of the development site with direct access onto the Strategic Road Network (SRN) the construction impact is not considered to have an impact upon the local road network managed by West Sussex County Council. Therefore the Highway Authority has no objections. However, Highways England in its capacity as Highway Authority for the SRN should be consulted upon this application if they have not already.
