1. HV CABLE ROUTE: ENSURE LOCATION IS MARKED AND THAT LANDSCAPE CONTRACTOR IS AWARE OF THE CONSTRAINTS

WARNING

Significant hazards relate to the architectural design shown on this drawing. These hazards are identified with red lines and labels. The contractor must ensure that all hazards are identified and recorded within construction phases H&S plan.

It is assumed that all works on this drawing will be carried out by a competent contractor working, where appropriate, to an approved method statement.

Significant hazards are defined as:

- Those not likely to be obvious to a competent contractor or other
- Those not likely to be obvious to a competent contractor or other
- Those not likely to be obvious to a competent contractor or other
- Those not likely to be obvious to a competent contractor or other
