Subject: 150115 BH to CB RE: Fargro - The Vinery Condition 35 A/74/13

Afternoon Charlotte,

Following on from our discussion yesterday, please find attached the revised document and application form for the Non-material amendment of the external cladding.

See below correspondence between myself and Peter Cleveland regarding this from January. His original email below suggest that he was going to add it to the current application – which is why we thought that it was already resolved. Let us know if the payment of £195 will be applicable?

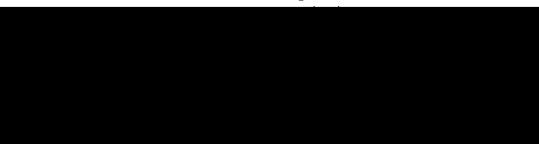

We look forward to hearing from you.

Kind regards,

Ben Harvey RIBA

Thanks Ben

I will add these to the file. I have forwarded the Surface Water and Management details to our Engineers.

Kind regards,

Peter

Morning Ben

Happy new year to you.

Yes if you could send the revised details and cover email/letter confirming the changes I will add this to the current Discharge of Condition file A/161/14/DOC.

Please could I ask that you re-send the Surface Water Strategy & Management Statement electronically, I only have an electronic version on the file which has been scanned incorrectly cutting out some of the important plans. Sorry to ask for information that has previously been submitted but the Councils Engineers need this information before they can comment fully on the drainage design.

Kind regards,
Peter

Morning Peter,

Happy New Year!

I am emailing you following a conversation that we had back in December. We need to formally submit a revision to the cladding (from Sinusoidal to trapezoidal) to the warehouse elevations; you said that it would be easier to include that within the current application to discharge conditions. Should I therefore send you a revised drawing for this material change to include within the current application? I understand that you had to get the paperwork in order before I sent you this additional information.

I look forward to hearing from you.

Kind regards,

Ben Harvey RIBA
