Comment from Greenspace

Following application A/74/13 The drawings LP1976/S1/P/01, LP1976/S2/P/02, LP1976/S3/P/03 Revision 02 propose a well thought out and comprehensive scheme which will adequately form a softening/screening effect to the proposed building structure. It is adequately detailed with trees, shrubs and native species which will add good biodiversity to the site. The revised drawings which now represent the amendments to incorporate the route of the HV cable are sufficient (subject to plant sizes previously specified) **for us to recommend the discharge of Condition 18 on this application**
