Subject: RE: Description Fell 45 No. Western Red Cedar trees within the Angmering Conservation Area. Your Ref A/73/18/TC

Mr Evans,

After speaking to our tree officer, we will not be putting a TPO on the Red Cedar Trees. I can see from the decision of A/73/19/TC that there is no time limit when the surgery is to take place, so you will not need to put in a new application for the proposed tree works.

Please be aware of Part 1 of the Wildlife and Countryside Act 1981.

Thank you

Mrs Johnson

For attention Nicola Spencer & Zac Denton

Dear Sirs

I am the Inspecting Architect for St Margaret's Angmering. The church has for 2 years been wanting to fell the Western Cedar Trees on the Southern Boundary of the Graveyard and it has taken some time to agree with the Village Hall an agreement about access from their carpark and get an Ecclesiastical Consent from the Diocese. The access agreement is now in place and they propose to fell the trees in August this year, as this is the only time the Village Hall will grant access. An ecologist will be inspecting the trees before they are felled to check for nesting birds etc and is advising of the implications of the Wildlife and Countryside Acts.

Can you confirm that the Councils decision not to impose a TPO will stand for this year and confirm we are still ok to proceed with the works this year? You

Regards,

Nick Lee Evans
