

TENAKER NURSERY

Scotts Grove Rd., Chobham, Surrey. GU24 8DT

Dear Sir,

12 June 2013

Ref: Planning Application A/74/13

Fargro Ltd., Littlehampton, BN17 7PP

We are writing to you to express our support for the application by Fargro Ltd. to relocate from their current Toddington Lane site to "The Vinery" off the A27.

The new site is very close to the existing one which would minimise disruption to our supply of horticultural goods.

The south-east area has a large number of growers who rely on Fargro with it's excellent delivery service to keep the industry supplied with a huge range of essential products. (You have only to glance at their 279 page catalogue to see the extensive range they offer)

Relocating locally will mean that Fargro would retain the existing Sales, Energy and Technical Support personnel who are such an important part of the company. Horticultural nurseries such as ourselves rely a great deal on the experience, knowledge and expertise of these members of staff. It would be a great pity to lose them.

Yours sincerely,

A large black rectangular box redacting the signature of Peter and Anne Wayne.
