Your Ref: Planning Reference Number A/74/13

17th June 2013

Dear Sirs,

Fargro Planning Application

We write in support of the planning application recently submitted by Fargro Limited for a new premises to replace their Toddington Lane location which we understand is due to be included in a major re-development scheme.

As you know, Fargro have been located in Littlehampton for many years and provide a valuable service to farmers and growers in the area. We hope they may be helped to continue to do so by being permitted to relocate to the site they wish, which we understand is close to their existing premises and would allow them to continue to trade with the minimum of disruption to their business.

Yours faithfully,

W.T. Hill

Proprietor William T. Hill
