Planning Reference Number A/74/13

Dear Sir

We are writing to support the planning application by Fargro Ltd, application number A/74/13.

Fargro have been an important supplier to our business for many years and provide us with technical advice and supplies that are essential to our business.

Through their relocation, we regard it as vital that they are able to retain their team of experienced professional and technical staff. Therefore we wish to add our support to this application.

Yours faithfully

Roger D Head
Managing Director
