Dear Sirs,

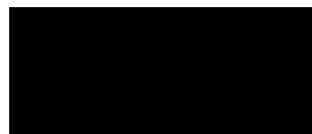

Planning Reference Number A/74/13

As Agent on behalf of the adjoining Angmering Park Estate we write in full support of the above planning application by Fargo.

It provides a good use of the buildings in this area and with close access onto the A27 it is able to distribute its produce quickly and efficiently without disturbing the smaller road network. It is also good to see the retention of the local work force during the current rough economic climate.

For all these reasons, we fully support the application.

Yours sincerely

Nigel Draffan
Managing Agent
