12.7.13

Dear Sir,

Development at Poling Priory

I wrote yesterday about the planning application and why it should be turned down.

Since then there has been an accident on the v. dangerous U-turn. The traffic was so bad that they had to send an emergency helicopter and it had to land in the green field

Sites to be developed.

Nobody takes seriously the
difficulties of living on the A27
here - and I have just had
to cancel a meeting in Chichester for
this AM, because of the traffic -

Yours faithfully.
