

REF 'FARGRO PLANNING APPLICATION'
A/74/13 -

PECKHAMS LODGE,
POLING STREET,
POLING,
BN18 - 9PT.

Dear Sir's -

I would like to oppose this application - my objections are -

- ① change of use of the countryside from agriculture land to industrial, resulting in the loss of that land.
- ② If this goes ahead - future applications for more units - Re - to the East - West - further South, of the Vinneries -
- ③ Traffic over the last few years has increased to such an extent that it is very often ~~qued~~ back from cross bush traffic lights past the Vinneries. The slip road for turning East is inadequate and there accidents here every week, which may result in the closure of both the East bound slip road turning and Poling Junctions - as did happen at Angmering. Any further development of this site with extra traffic, could make this very likely -
- ④ The site should not be developed any more, when there are so many empty warehouses etc on industrial sites on the outskirts of Littlehampton and Ford.
- ⑤ The surrounding fields south west of the Vinneries have been flooded. Peckhams Lodge has been flooded at various times with water running out of the fields, increased development of this site will increase the risk of this.
- ⑥ The development will be out of keeping with the local area and historical setting of the village.

Yours Faithfully
