Hi Cian

Sorry but I thought Miriam sent a response, but if not then the response is:-

"From an economic development point of view we would be supportive of this application. Fargo is a long established local firm that provides valuable employment for local people. We are pleased that what appears to be a suitable and sustainable site has been found that safeguards both this employment and the additional benefits that companies of this size bring to the local economy."

Linda,

I consulted Economic Regeneration on this application a few weeks back.

Do the economic development team have any comments?
