Dear Mr Eastham,

RE: Land at Dappers Lane Angmering

Thank you for your correspondence of the 17th June 2020, advising me of a planning application for 84 No. dwellings, public open space, play areas, associated infrastructure & landscaping. This application affects a Right of Way – Amended plans for which you seek advice from a crime prevention viewpoint.

I have had the opportunity to examine the detail within the application and in an attempt to reduce the opportunity for crime and the fear of crime I offer the following comments from a Secured by Design (SBD) perspective. SBD is owned by the UK Police service and supported by the Home Office and Building Control Departments in England (Part Q Security – Dwellings), that recommends a minimum standard of security using proven, tested and accredited products. Further details can be found at www.securedbydesign.com

The National Planning Policy Framework demonstrates the government's aim to achieve healthy, inclusive and safe places which are safe and accessible, so that crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion. With the level of crime and anti-social behaviour in the Arun District being average when compared with the rest of Sussex, I have no major concerns with the proposals, however, additional measures to mitigate against any identified local crime trends and site specific requirements should be considered.

I direct the applicant or their agent to our website at www.securedbydesign.com where the SBD Homes 2019 Version 2 document can be found. The Secured by Design scheme is a Police initiative to guide and encourage those engaged within the specification, design and build of new homes, and those undertaking major or minor property refurbishment, to adopt crime prevention measures. The advice given in this guide has been proven to reduce the opportunity for crime and the fear of crime, creating safer, more secure and sustainable environments.

I refer the applicant to previous correspondence from this office Your Ref: A/76/20PL dated the 26th May 2020 and Our Ref: LM/ARU/20/15A dated the 8th June 2020 to which all comments remain extant.

Having reviewed the submitted amended plans I have no further comments to make from a crime prevention perspective.

I would also ask you to note that Sussex Police is now exploring the impact of growth on the provision of policing infrastructure over the coming years and further comment on this application may be made by our Joint Commercial Planning Manager.

Thank you for giving me the opportunity to make further comments.

The Crime & Disorder Act 1998 heightens the importance of taking crime prevention into account when planning decisions are made. Section 17 of the Act places a clear duty on both police and local authorities to exercise their various functions with due regard to the likely effect on the prevention of crime and disorder. You are asked to accord due weight to the advice offered in this letter which would demonstrate your authority's commitment to work in partnership and comply with the spirit of The Crime & Disorder Act.

Yours sincerely
