Hi Michael

Based upon discussions with Stuart and Rob on site, we believe it is possible to install the footpath on the eastern side of Dappers Lane, from the site itself up to the driveway of 'Greenways' (opposite 15 Woodlands Close) without too much impact on the watercourse. We would expect some minor works to the ditch to facilitate the proposals which will be dealt with during the detailed design.

Our concerns relate to a continuation of the footpath on the eastern side, south of 'Greenways' driveway and beyond. In order for us to understand any impact on the ditches/culverts, we need to see more detailed drawings of the proposals from whoever is preparing them.

Regards
