Subject: RE: Dappers Lane - FW: Electric Vehicle Charging on Residential Developments

Hello Michael

With a great amount of reluctance we will accept a condition which requires details of EVCP to be submitted for houses with garages or driveways.

With regard to condition 14 (ecology) can you amend the text as highlighted below (the word hedgerow needs to be added):

The enhancements and mitigation measures shown on the drawing shall be implemented in full and permanently retained and thereafter maintained as fit for purpose; and netting shall be installed in the trees/hedgerow in the dormouse mitigation corridor prior to first occupation.

Thanks

Laura
