Dear Sir

Re: Tree felling and pruning at St. Margaret's Church, Angmering

I am writing giving notice of our intent to undertake the following tree felling and pruning within a designated Conservation Area:

1. Dismantle and fell ivy covered dead western red cedar (*Thuja plicata*).
2. Reduce the height of three further western red cedars to between 4m-4.5m above ground level.
3. Lift crown overhanging adjacent garage block to provide 1m clearance above roof.
4. Reduce tips of branch, extending over garage block, by 1.5m.
5. Sever ivy at base of trees.
6. Reduce height of sweet bay (*Laurus nobilis*) to same level as western red cedars.

The trees are highlighted on the attached plan and reasons for the intended work are identified in the attached report.

Please do not hesitate to call me should you require any further information.

Yours sincerely

Jonathan Rodwell
