In response to the comments raised by the resident:

Public engagement

These details have been covered. Whilst no named individuals have been provided as yet, we will be engaging with the public where names and contact details will be provided and residents kept informed and up to date throughout the process.

Noise

These details have been covered. Contractors will adhere to Arun DC's Construction Code of Practice. All plant and equipment will be operated in accordance with manufacturer's guidelines and comply with the Control of Noise at Work Regulations 2005. In addition the following will be required of all work activities:

- Comply with the recommendations of BS 5228: Part 1, clause 9.3 for minimising noise levels;
- Fit compressors, percussion tools and vehicles with silences of a type as recommended by manufacturers;
- Ensure care is taken to avoid unnecessary noise when carrying out manual operations and when operating plant and equipment;
- Switch off all plant when not in use.

Loading and unloading

These details have been covered. Deliveries are to be outside of peak highway network hours and will be scheduled as to avoid being at the same time.

Floodlighting

No floodlighting is proposed. If deemed necessary (e.g. during winter months then details will be provided). Minor security lighting is proposed to the compound which will be motion activated and positioned in a manner as to not impede on residents or wildlife.

Hoarding

Noted.

Wheel washing

These details along with road sweeping have been covered.

Number and timings of vehicles

These details have been covered. On a daily basis there will be between 1 – 10 vehicle/ HGV deliveries that will be scheduled to be staggered throughout the working day to avoid peak hours and deliveries at the same time.

Routing of vehicles

These details have been provided.

Additional information

The CMP has been amended to include the matters raised in this section (health and safety matters etc.).

Kind Regards
