To Kathryn Welch

I would like to object to Application No: A/80/22/CL

my reasons are:

1. Meadowside does not need anymore garages it needs parking spaces and due to the planning permission there is even more limited parking which is putting stress on the residents.
2. we was never warned or consulted and I returned home to find a mental fence had been put up and I was met with rudeness and talked down to over a area that has been used for residential parking for 40 years.
3. the garages are going to be sold to people outside Meadowside bringing more traffic to a quite residential area which has 2 schools based 0.4 miles from the road.

4. cars are parking tight together and unsafely meaning emergency services will struggle to attend in an emergency.
5. the building will disturb the local residents with no benefit to any member of Meadowside.
6. there is a walkway by the garages and with the new garages being built there is not much room for pedestrians and vehicles. meaning there could be an accident.

I have loads of other issues regarding this and if you want to hear them please let me know.

many thanks

Kristy Witchell-towers

a resident at 57 Meadowside.
