Application No: A/80/22/CLP
Site Address: Rear of 40 and 88 Meadowside Angmering BN16 4BN

To whom this may concern,

I would like to object to Application No: A/80/22/CLP

For over 10 years I have parked my family car on the rear of 40 and 88 Meadowside. Recently it has been barricaded off, leaving the residents no where to park their cars. Since its been barricaded off the parking in Meadowside is very congested and unsafe. Residents are parking there cars anywhere they find. It would not be safe to welcome a further 11 garages and vehicles onto Meadowside.

I do not see why there is a demand for garages to be built in Meadowside, as there are so many not in use or maintained. It would not make sense to build more in the same place.

I am concerned on how it will affect access to the garages already there, if there is lots of oncoming traffic. There is not enough room for vans or larger vehicles.

Yours Sincerely

Georgina Hill
