Subject: RE: A/81/18/RES - Quiet Waters: Alternative Layout Option

Hi Michael

I confirm that the layout of the open space is acceptable and can now be approved. The access link with the adjacent open space still requires further thought. The developer will need to liaise with the developer of the adjacent open space to achieve a practical solution which takes the gradient into account. The path needs to be accessible to a range of users, therefore steps would not be appropriate.

Regards
Rachel
