6th March 2014

Dear Mr Cleveland

Re Planning Application Ref A/82/12

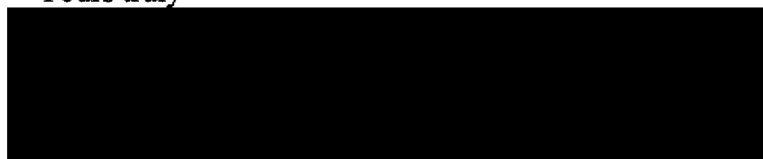

Thank you for your letter of 26th February, in respect of the application, above.

It is noted that this is a revised application, but still remains on a large scale.

The reasons for my objection were clearly laid out at the time of the previous application, and my objections still hold the same key fundamental elements.

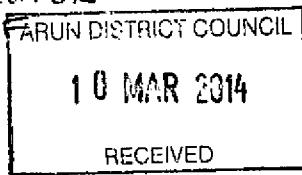

Pressures on infrastructures in all the outlined core areas remain unaddressed.

Yours truly

Mrs S. Kempson

Dear Sir,

Planning Application A/82/12 For 139 Dwellings

I wish to object to the above revised plan for 139 houses to be built on the east side of Roundstone Lane.

The reduction from 150 to 139 does not include much more green recreation space or any additional exit routes particularly to the A280 which they were asked to examine and cost.

The new application does not match the plans set out at the Village Hall consultation in the middle of February. The villagers expressed their views against the development on suitability and scale and impact of the development.

Please stop this development happening. The village is big enough now.

Yours sincerely
