Subject: A/82/12/

Dear Mr Cleveland ,

I am writing to you with reference to the above planning application . As you will be aware I initially opposed the original application for 150 dwellings and continue to object to the second application of 139 houses , on the grounds of -

11 less houses will make no lesser impact There is still no provision planned for schools , health etc .

There needs to be further investigation into a road onto bypass as roundstone lane is so congested already at peak times .

There is so much wildlife and this natural habitat will be ruined in a village .

Noise and light pollution .

I also question whether another development in Angmering is required on this scale .

I am not opposed to building but in the right place and where there is proven need , not just developers try to make money .

Furthermore if this is passed you will be aware the whole of the east of roundstone lane will be housing and of course it will pave the way for pound nursery and their application to be passed and will directly have an impact to me personally with increased traffic , noise and building for years to come .

You will be aware of all the above arguments , but I hope Arun planning values it's residents opinions and facts when considering this application .

Yours sincerely
Joanne Harrison
