Subject: Application no a/82/12/ Mr P Cleveland

Dear Mr Cleveland

I am writing to you regarding the on going planning application A/82/12 Roundstone lane.

May I say that I totally DISAGREE with this application.

To start with this site is greenbelt and has much wildlife depending on this place as there home, the roads from Angmering can barely cope already.

As a resident opposite this application I fear that there would be more noise, light pollution, cars, more houses built if this goes through.

I see no lesser impact from 150 or 139 houses built, it would open the doors all along Roundstone lane. This is a beautiful village which already has a lot of residents frustrated with local schools, doctors etc.

When Bramley Green was built 10 years ago I was under the impression of it being extended south ways into Mayflower Way which in fact is Brown belt land and perhaps building as planned there would stop A. travelers staying there and B. Roundstone Business Park taking any more land and the place looking like an eye sore.

I appreciate there is a need for houses but there are plenty of other more appropriate locations available.

Yours sincerely

Duncan Slack
