Subject: A/82/12 Barrett application for 139 houses East of Roundstone Lane

Dear Sir or Madam

I would like object to the above application on the following grounds:

- Unsustainable, inadequate infrastructure and services: lack of an adequate bus service, already have an existing water supply shortage, drainage and sewer pipes inadequate (collapsing in The Dell)
- Traffic/roads: Roundstone Lane queues, A259 single carriageway bottleneck, narrow village lanes, village through-traffic (not the by-pass), exceed the speed limit, pinch points dangerous, congestion, inadequate parking for the village shops/businesses, heavy traffic causing damage to buildings in the conservation area
- Schools: Arundel Road congestion, highway safety issue, no safe route to school, overcrowded classes, village children not of the schools' faiths have to go to school elsewhere because places are given to out-of-area children of the schools' faiths, schools are in the north of the village whereas the proposed housing development is in the south- meaning more cars taking pupils to school. Angmering grew by 27% when Bramley Green (600 houses) was built.
- Travel: commuters' increased use of roads (more emissions from cars) is not in line with government plans and train services, station car park full already and overflow parking in Downsway (reduces road to a single lane- hazardous)
- Quality of life: the existing residents' right to a reasonable quality of life will be compromised, which is against the Government Policy regarding sustainability and the quality of family life
- Medical facilities: inadequate for existing residents: Doctors' surgery, hospitals, hospices
- Housing Stock: new and existing houses in the Arun area remain unsold. Derelict houses should be converted to Council living accommodation.

Many thanks

Jodie Olliver
