Subject: A/82/12 Objection to Barratt's 139 houses revised plan

Importance: High

Yet another objection from me to Barratt's 'revised plan' aka Trojan Horse to wear us down.

That said, I am convinced you are all going to ignore us and it will be future generations that will hate you for it for multiple reasons including:

- the effect on the environment
- resources not matched by housing already in place let alone those planned
- no jobs
- appalling traffic already – how much worse it will be!!!

And more. But then I am others have already made that clear – several times.

In disgust

Miss Euphrosene Labon
