RECEIVED

Dear Sirs,

Ref. Barratts resubmit application, A/82/12.
for 139 dwellings.

Further to your letter of the 26th February, despite the number of dwellings being reduced by 11 on the above application, this deduction does not change my point of view as expressed in my previous letter with the objections as listed therein.

May I add we feel even 139 dwellings to be far too excessive bearing in mind the infrastructure cannot cope already without an additional 139 dwellings being added thereto.

Yours faithfully,
