Subject: A/82/12

To whom it may concern,
I write to convey my objection to the revised planning A/82/12 for 139 houses in Angmering village.
To build this number of homes in the village I believe will further compromise the sense of Angmering having an identity as a village. I worry that the roads are already very busy at certain times of the day and won't be able to cope with the increase in traffic this development will create. I am also concerned that building on green areas will lead to an increased risk of flooding in the village. Moreover I remain unconvinced that the schools, pre-schools and doctor's surgery will be able to cope with this increase. What is more I am aware that this proposed development goes against Arun's own policy of building on brownfield sites before green field sites.
Yours sincerely,
Stephen Gurr,
7 Weavers Hill, Angmering
