Dear Sir,

**Revised Planning Application for Barratts A/82/12
Roundstone Lane, Angmering**

As a resident of Angmering I write to object to the revised application for planning by Barratts to build 139 houses instead of 150 in Roundstone Lane.

I objected to the previous application and my objection still hold good that infrastructure of the area does not support any further housing developments. With poor road links, overcrowded schools; a fully stretched medical centre and limited parking in the village the area cannot accommodate *any more houses.*

At no stage in this current revised application is the issue of inadequate infrastructure addressed.

Yours faithfully,

Anne Toms.
