Subject: A/82/12 no more houses in Angmering

Please do not build any more houses in Angmering.

I have lived in Angmering for 5 years and I LOVE IT. I can play out with my friends in my road (something I couldn't do at my old address in Crawley), I feel safe and I love St Margarets School.

The traffic however is a nightmare - and if we ever want to pop out to a shop in Rustington it can take ages as the A259 is always very slow with lots of traffic. Also I have friends in Water Lane, Angmering who were affected by last year's floods and it took them a year to move back home. We cannot risk more houses creating more flood issues.
