Dear Sir,

Re Planning Application ref A/82/12

Although I live outside of this area, I would like to state that I am totally against this revised aplication.

1. There is insufficient work in this area resulting in the majority of homeowners to commute out of the area causing more congestion on the roads.

2. The current infrastructure, e.g. for disposal of sewage, and provision of roads, is barely adequate now in this area, any large development such as this will put a severe strain on the system.

Yours sincerely
