Subject: FW: PSI3167 - Pound Nursery, Roundstone Lane, Angmering - Design Check No.2 (A/82/12)

Good afternoon Neil,

We've been consulted on the surface water discharge condition as I understand Thomas Calloway indicated that approval is required from Highways. I've forwarded the below which sets out the current position; we are not yet in a position to recommend technical approval and cannot recommend that the condition be discharged until this approval has been granted.

Kind regards,

Dominic

Dom,

We are half way through the design check process so we are not approved just yet. The drainage seems ok in principle but we have not received sufficient information as yet to sign this element off.

We are liaising with ADC on these matters now anyways so we coordinate our TA's to avoid things slipping through.
