Subject: Elaine Preece FW: Baratts Planning Application Reference Number A/82/12

Further to my reply of 17 November to Peter Cleveland's email of 23 October.

This is No. 3 of 7 letters that have only been partially scanned (on 19 September) on the website.

Please fully scan it as an Objection letter to A/82/12. Thank you.

Sue Ware

Dear Sirs

I don't often write letters of protest or sign petitions but feel very strongly about the Barratts Planning application and I object to Barratts' Planning application A/82/12 for reasons set out below which I believe will affect me and my family:-

1. I came here in 1991 from London hoping to have a quieter less busy life but unfortunately over the years the village and surrounding area have become very busy with more and more vehicles thundering through the village. The addition of Bramley Green estate added to the greater number of cars and has made travelling from A to B much more stressful and lengthy.

The introduction of the bollards in the village to 'calm' down the traffic has only made things worse and clogs up Water Lane and I have seen many near misses due to cars taking chances because they have to wait so long to get through. It would have been better to have road bumps. If there were more houses built, this means more cars coming through the village and I believe it will come to a standstill.

2. If there will be more houses built then that means we need more dental/doctors surgeries. It is bad enough trying to get an appointment at my local surgery at the moment which was not the case a few years ago but due to the vast increase of people I have to wait a week to get an appointment which is totally unacceptable. So what happens to all the extra people that need doctors and dentists? Where do they go? Will we have more doctors for each surgery?

4. Angmering Village is a lovely village but is becoming less and less of a village - but rather more sprawling area and very built up. We as residents want to keep it lovely and are proud of that status.

This is why I am objecting to the Barratts Planning Application and hope you hear our collective voices.

Yours faithfully

Elaine Preece (Mrs)
