Dear Sir or Madam,

Re: A/82/12 – Land east of Roundstone Lane

I am a resident of Angmering Village and have been for the past 35 years. Throughout those years I have watched the many new houses that have been built in and around the village of which the latest being Bramley Green. Just recently I have strolled around Bramley Green and was not surprised to see quite a few unsold new houses there. Angmering is a quaint village with narrow roads and very little parking for cars in the centre which should remain so to retain the village characteristics. Therefore it does not make sense to plan any further housing development in Angmering except for brownfield sites. There are three schools all of which are accessible from narrow roads and we do not want to exacerbate the congestion any further.

Last month I had tried to make an appointment to see my doctor only to be told that they only deal with emergencies which lasted just over a week. This rather demonstrates that the Angmering Medical Centre, despite being a fairly new build, cannot cope with the present population of Angmering. I had not seen my doctor for nearly three years so the quality of life has been compromised here.

This latest planning application (A/82/12) to build 150 houses on land east of Roundstone Lane, contravenes the Arun's Policies and, therefore, should be rejected. We should be concentrating on brownfield sites only such as the area presently occupied by Chandlers at Water Lane with plans to move out of the area in the near future.

Please help us to maintain the character of the village and our right to a reasonable quality of life by rejecting any application to build on greenfield sites in and around Angmering. The population of Angmering has doubled since I first moved there so we have to draw a line somewhere.

Yours faithfully,

[redacted]
