Hi Michael

Sorry... Mad end to last week

I can confirm that I have read the letter from RBA Acoustics dated 26/09/2018 [Ref: 8689.LE01.0]

Due to the site location and its surroundings, I can sanction that the acoustics report findings will still be applicable and no further on-site assessment will be required at this time

Kind regards

Hi Chris,

Further to my email of 27th November, please find attached the noise report update letter (26th September 2018).

Could I have your response?

Thanks,

Michael
