Brian,

It would be helpful if I could have an extension of time until Friday 17<sup>th</sup> November to chase up the response from Highways England.

Kind regards,

Michael Eastham

Michael

Could you please answer the queries raised in my e-mails below so I can give my client an update.  
Motion the traffic consultants have been trying to contact Highways England for quite some time now without response.

Could you please try to ascertain if Highways England have made any progress. We believe that Motion have answered all their queries.

I am aware that the 6 week extension of time on the application expires today. Is a further extension required and if so for how long?

Kind Regards

Michael

I have been asked for an update on the progress of this application by my client and I refer to my e-mails below which remain unanswered.

It is difficult for me to respond when there is no feedback to my e-mails. I am conscious that the extension of time runs out on Tuesday next week.

I am assuming we do not require a further extension ( assuming Highways England are satisfied) but look forward to confirmation.

Is David Innes still involved? Is there any merit in me contacting him ?

Kind Regards

Michael

I have attached the note which has been prepared by Motion in response to Highways England comments. I believe Motion sent this to them direct are in discussions.

The conclusions are that there is no adverse impact.  
Assuming this is accepted by Highways England are we now in a position where there is likely to be a positive outcome to this application.

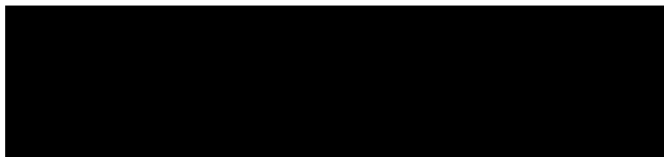

I am assuming that there has been enough time for the rest of the process to be dealt with as it is 5 months since validation and I am not aware of any other issues which have been raised or unanswered. Can you confirm that you will be recommending approval.

Will this need to go to Committee or will it be a delegated decision ? Can you confirm the timescales. We have an agreed extension until 31<sup>st</sup> October and hopefully all can work to this date. I look forward to your reply

Kind Regards
