Dear Mr Shuttleworth,

Application to Connect to the Public Sewerage System - Section 106 Water Industry Act 1991.
Location: Land of Water Lane, Angmering, Littlehampton, West Sussex, BN16 4EP.

We refer to your application to connect to the public foul sewer at the above location. We are pleased to advise that your proposal, as shown on your drawing A290-501, 502, 503, 504, 505 and 506 Revision B dated 01/21, is approved subject to:

This review is for the purpose of approval to permit communication to be made to the public sewer, under Section 106 of the Water Industry Act 1991. **It is to the means and mode of construction only.**

S106 approval does not confirm that public sewer network capacity is available for the proposed development. The availability of capacity may be assessed through the Pre-planning enquiry process.

This letter should not be considered as approval by Southern Water to the discharge of any relevant Planning Conditions relating to drainage. This is a separate matter which will be reviewed under a consultation from the Planning Authority.

If connection is to be made through land under the ownership of other Parties, then you are advised to obtain the Landowners consent before carrying out any works.

In approving this application, it is assumed that you have obtained any necessary Building Regulations Approval and /or Highway Authority Road Opening License.

This approval is given based on the information provided in support of this application and the assumption of the final discharge point being to the public foul sewer. If this is different, then this approval becomes invalid.

Southern Water Services Ltd, Registered Office: Southern House, Yeoman Road, Worthing BN13 3NX Registered in England No. 2366670

If as noted above, there is any change in the approved connection point, then you must provide us with revised drawings and details and obtain our approval for the changes prior to the connection being made.

Please note that surface water must not communicate with the public foul sewers.

Connection to existing manholes and the arrangement of pipe junctions within any new manholes should be in accordance with the new Design and Construction Guidance manual ("the Code") and Southern Water's guidance documentation.
