LETTER OF COMFORT

Dear Sirs

**Re: Adoption of foul and surface water drainage networks: Land South of Water Lane
Angmering (Planning Application no: A/84/21/DOC)**

On behalf of our client BDW Homes Limited we write to confirm details with regards to the above-mentioned site.

Icosa Water Services Limited (Icosa) is an appointed statutory water and sewerage company, appointed pursuant to sections 6 and 7 of the Water Industry Act. Icosa is one of several new appointees granted statutory powers by the Secretary of State as a means of facilitating competition in the provision of water and sewerage services. Our Instrument of Appointment can be found on the Ofwat website through the following link: <https://www.ofwat.gov.uk/wp-content/uploads/2019/01/icosa-Conditions-of-Appointment-amended-Jan-2019.pdf>

Pursuant to a commercial contract and letter of support BDW Homes Limited has appointed Icosa to be the statutory undertaker for this site.

Icosa will be adopting the foul and surface water network using the industry standard section 104 agreement subject to license grant made by Ofwat and will subsequently provide sewerage services to occupiers on site once these services are required.

Please feel free to contact us should you have any queries.

Yours faithfully

Director
