Morning Tim,

Thank you for your email and revised plan. I have reviewed the swept path diagram that you have provided and am satisfied that a waste collection vehicle can turn with the site. My only comment would be it might be worth ensuring that the turning head at the bottom of the estate road is marked out with a sign or hatching to discourage any visitor parking thus making the turning head restricted. On that basis I am satisfied with the proposals. I have CC'd Anita in for info.

Many thanks,

Jamie

Dear Jamie

We have had sight of your comments in respect of the above planning application (copy attached, for your ease of reference), dated 4th July 2018.

It is understood that the Highway Authority are satisfied with the application proposals, subject to the applicant providing swept path diagrams to demonstrate that refuse collection vehicles can safely turn within the site. I herewith can now provide you with an amended Block Plan that shows this level of detail. We trust that this is satisfactory, and you will be able to confirm this to the Arun District Planning Officer – Mrs Anita Gardner.

If you have any further queries then please feel free to contact me.

Best regards,

TIM RODWAY
