Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: A/88/22/DOC
Site Address: Land at West End Nursery Roundstone Lane Angemring BN16 4AX
Description of works: Approval of details reserved by condition imposed under A/144/15/PL relating to condition 3-surface water drainage scheme

Thank you for your internet representation made on 20th May 2022 which has been recorded as an objection with the comments as follows:

OWPC47648

The development was originally planned to have a pond at the SE green area which was how the surface water was managed in the past. The alternative solution of soakaway crates failed and the recent addition of swales and work on the crates has not solved the issue. Our house in particular suffers from surface water running from the footpath onto our property which has been severe at times. The swales are incorrectly graded and also pose a health and safety risk. The original plan for the pond should be enforced as this is what all of the residents expected and is required to deal with the flooding issues.

Your views as made above will be considered before the application is determined.
