Dear Planning,

Thank you for consulting environmental health regarding the above application.

The application is for a proposal to erect an outdoor gym. We have no objections in principle to the proposal, however we considered that insufficient information has been provided to determine the potential impact of such proposal on the surrounding properties. We require further information relating to the location, equipment proposed including drawings etc to be submitted to properly assess the impact of the proposal.

If you have any queries, please do not hesitate to contact me.

Kind Regards

Chima Umunnakwe
