Andrew

Further to your email this morning regarding the additional info for the external lighting planning condition, please note the attached photos showing the external lighting to the houses:

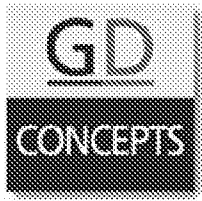

- Downlighters to the front door porches
- Wall lights to the rear elevation (patio doors)

There are no other lighting columns, bollards, etc. on the site.

Can you review and comment at your very earliest convenience, thank you.

Kind regards

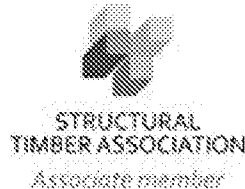

Glenn Gasson

Subject: RE: Porch & Rear lighting

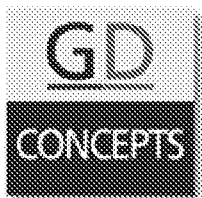

Hi Glenn,

Please see attached. Front porch has two down lights located centrally either side of the entrance door as per attached photos.

To the rear there are 3 wall mounted lights located as per the attached photos. These are both uplighters and down lighters.

Shane / Neil

Can one of you send me a couple of pictures of the porch soffit lighting and the rear garden lighting, the Planning Officer requires this to sign off the condition, ta.

Kind regards
