ACTION...

Dear Sir

A/94/15/PL

I would like to object to this application for these reasons.

1. It is out of character for the area.
2. The road is very narrow by the access such that 2 cars cannot pass.
3. The access is steep, onto a steep part of the road, which runs with water and freezes over in cold weather, creating a hazard.
4. I expect the traffic to cause congestion at that point and would result in traffic using a private driveway into Herons Farm as a layby.

Yours faithfully
