Dear Sir

Re: Application A99/14/HH

I wish to object to this resubmission. The application (A/46/14/HH) was previously refused and the reasons for refusal are still valid.

Namely that the brickwork and terracotta chicken are not in keeping with the appearance of the conservation area. The brick work is of very poor quality and does not match the existing wall.

It also removes shared steps to 5 other properties, access being granted previously for a shared pathway.

Yours faithfully

H.M. Lilly
