Subject: Objection: A/99/17/OUT Land South of Water Lane

Dear Sir,

I have been a resident in Bentley Close, Angmering for 15 years, and during that time I have witnessed our lovely little village change to a busy cramped little town. The roads are a nightmare, trying to get off Roundstone lane to travel in any direction is something to be avoided at all costs. I.E. stay indoors and not try to battle the traffic.

Trying to get a Doctors appointment is almost impossible and have to wait 2/3 months to see the doctor. The schools are at bursting point, and this is all before all the houses are finished and the families have moved in. The local pharmacy has also gone into meltdown and its only a matter of time before someone has a bad experience resulting from all the mistakes which are being made. In short, the area has become a nightmare.

As for this new proposed site, as it is in a known surface water flooding area, any more building and tarmac'd roads will obviously have a detrimental impact on the already vulnerable properties in the village centre. Also the proposed site is outside the built up area boundary. So when has brain been engaged by anyone in this new outrageous proposal?

Hilary Kanaar,
Bentley Close
Angmering.
