26th June 2017

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application with some matters reserved (Access only) for development up to 175No. residential dwellings, public open space, play areas with associated infrastructure including roads, drainage & landscaping. This application affects the character & appearance of Angmering Conservation Area & the setting of Listed Buildings. This application is a Departure from the Development Plan
Land South of Water Lane Angmering

Thank you for your internet representation made on 24th June 2017 which has been recorded as '**an objection**' with the comments as follows:

I would like to object to the planning application A/99/17/OUT.

The building of homes above Black Ditch will significantly reduce the capability of land surrounding Water Lane to absorb rainfall and run off from the South Downs. As a result increasing the surface water entering Black Ditch and the culvert in Water Lane.

Water Lane has been subjected to flooding a number of times and as a resident who has experienced this and been forced to leave my home for 8 months, I feel it is unacceptable to build new houses above the flood plain at the expense of the properties in Water Lane which will be subject to an increased risk of flooding.

We have only just been able to get insurance including flood cover due to the government flood re scheme but have to pay a premium for this.

I feel the building of any homes that would increase the chances of flooding in Water Lane is unacceptable to the residence of the low lying areas of Angmering.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
