Subject: Objection: A/99/17/OUT Land South of Water Lane

Dear Planning Advisors, Arun,

I would like to voice my objections to the above application for more building south of Water Lane, Angmering.

At what point do you begin to consider infra-structure and environment?

Angmering Village is now over-subscribed with housing that has doubled and trebled its size in under a decade. Services cannot be stretched further. The Medical Centre and the local schools are full.

Roads are permanently clogged.

The village is being eviscerated by lack of vision.

Why? I thought it was the duty of planning authorities to provide solid expertise.

To plan and provide properly.

And yet over the twenty years I have lived here, I have seen all sense of care eroded.

If the system is corrupt and Councillors are voting to line their pockets, would you please just tell us?

There is enough fake news in this world without our being traduced on our own doorstep.

So just be honest. And decent.

A true test will be for you to put a stop to further building on the one remaining stretch of countryside between Angmering and the National Park.

Yours faithfully,

Caroline Newling
